

CONCERT REPORT

Concert reports must be typed and fit on one page only, no hand written or multiple page reports will be accepted. Please follow the criteria listed below when writing your concert report.

A Concert Report will consist of the following:

(Please follow this format exactly.)

1. Date, place and time of concert.
2. Performers and their instruments or "medium."
3. One paragraph description of the concert itself; e.g. the type of music, the atmosphere (formal or informal), the level of professionalism or the amateur status of the performers, etc.
4. One paragraph describing something that was unique to that concert experience - e.g., one of the pieces played, an extra-musical event ("the risers fell"), the use of an instrument that is unfamiliar to you, etc.
5. One paragraph explaining whether or not you *enjoyed* the concert **and precisely why**. (Try to avoid the generalization, "I don't like that kind of music." Say **why**.)
